Quality Education You Can Trust

As the first and oldest radiology society in North America, ARRS has been committed to improving healthcare by advancing the science and practice of radiology for more than a century. As part of our commitment to radiology education in all its forms, ARRS members have on-demand, cross-platform access to education across all the subspecialties—so you can choose how and when you want to learn.

Membership Flexibility

ARRS provides flexibility and options like no other radiology society:

- Choose between 1-year, 2-year, and 3-year membership options.
- Access the AJR Online-Only Membership OR receive the print journal along with your Online Membership.
- Make your own schedule—decide how and when you want to learn with a variety of resources and delivery formats.

“ARRS has a tremendous breadth of educational offerings and you get the education in many formats.”

—Melissa Rosado de Christenson, MD
For more than 100 years, AJR has been recognized as one of the most respected, peer-reviewed specialty journals in the world. AJR brings you the latest original research and clinical perspectives to enhance your daily diagnostic and medical imaging practice:

- Original Research Articles
- Best Practices
- Reviews
- Clinical Perspectives
- Technical Innovations
- Opinion Articles

AJR Online

AJR Online includes all of the content that is published in the print journal, as well as letters, supplemental data, and videos. It also allows you to access expanded features not available in the print version, such as the Collections feature.

96 CME/SA-CME Credits Annually

In each issue, this prestigious publication offers 8 CME/SA-CME credits exclusively for members. Each article is peer-reviewed and reviewed further for educational credits.

InPractice

As our quarterly flagship publication, ARRS InPractice is your consummate resource for the latest radiology news and advice. Each issue focuses on subjects essential to the clinical and business aspects of your practice, including such timely topics as radiation safety practice, strategic business management, communication with patients, and more. In addition, each issue provides members with the latest news and information regarding ARRS programs and educational opportunities for professional development.

“The American Roentgen Ray Society (ARRS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education activities for physicians. The ARRS designates this journal-based CME activity for a maximum of 1.00 AMA PRA Category 1 Credits™ and 1.00 American Board of Radiology, MOC Part II, Self-Assessment CME (SA-CME) credits. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

“AJR is the premier educational journal, delivering the best clinically relevant content.”

—Ruth Carlos, MD
**AJR Live Webinar Series**

Experience another dimension to AJR—with CME

Broadcasted live and online, this member benefit provides unique insights into some of AJR’s most controversial, cutting-edge topics. Engage with authors, dig deeper into subject matter, and earn CME—at no cost for members.

- Focal Hepatic Lesions: Pitfalls, Pseudolesions & Misdiagnoses
- NM/MI Theragnostics - 68Ga DOTATATE PET/CT and 177Lu DOTATATE Therapy
- Postoperative Imaging of Sarcomas
- The Value Proposition for Artificial Intelligence in Women’s Imaging

“ARRS offers incredible programs within every subspecialty of radiology.”

—Jonathan Lewin, MD
ARRS is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education activities for physicians.

Micro-learning for CME on the go!

Quick Bytes is a member-exclusive benefit that provides 20-minute videos on emerging topics in radiology for CME on the go. No need to answer questions—as an ARRS member, you will simply view the video, complete a brief survey, and the CME will automatically be logged in your ARRS My Education profile.

Here are just a few of the lectures available to watch in ARRS Quick Bytes:

- Beyond the Dictaphone—Understanding Patient and Provider Communication Needs
- Burnout in Radiology: How Could This Happen to Us?
- Safety and Quality in Medical Imaging: How Can We Improve
- The After-Hours Radiologist: Challenges from the Night
- DECT: Dose Parity with Conventional CT

AJR Podcasts feature authors of select AJR articles discussing how they performed their studies and how the results have changed their practices.

Subscribe through Apple Podcasts or Google Play to get the latest episodes delivered straight to your Apple or Android device.

ARRS is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education activities for physicians.

This activity has been approved for AMA PRA Category 1 Credits™.
ARRS Web Lectures are packed with practice-based information and presented by experts to advance your performance. New Web Lectures are released monthly and cover a variety of topics and subspecialties, including:

- PET/CT in the Evaluation of GI/GU Malignancy
- Benign Prostatic Hypertrophy
- Lung Neoplasms
- Imaging of the Knee, Ankle, and Foot
- Non-Traumatic Head and Neck Emergency
- Breast Imaging: Pitfalls and Artifacts
- MRI in Spine Emergencies
- Trauma Imaging
- Prostate Cancer: Imaging Issues
- Incidentalomas in Genitourinary Imaging
- Hepatobiliary Imaging
- Pediatric Radiology from Neck to Bottom to Back
- Tips and Tricks of Vascular Ultrasound
- And more!

The American Roentgen Ray Society (ARRS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education activities for physicians. Web Lectures: This activity has been approved for AMA PRA Category 1 Credit™.
Practice Quality Improvement Templates

Offering 20 PI-CME Credits per Template

ARRS PQI Templates provide you with the essential information for practice quality improvement (PQI). Improve your daily practice and patient care with these PQI Templates:

- Implementing Radiology Report
- Radiology Patient Satisfaction Survey
- Decreasing Radiology Report Turn-Around-Times
- Managing Adverse Iodinated Contrast Reactions
- And more

ARRS members have exclusive access to the ARRS Research Bank, featuring the year’s most cutting-edge research in a practical format. View oral presentations and read the accompanying abstracts, including these groundbreaking topics:

- Breast Cancer Screening Outcomes over 5-years during Implementation of Digital Breast Tomosynthesis
- Utility of PET/MRI in Cirrhotic and Metastatic Cancer with Liver Imaging Reporting and Data System
- Imaging Features of Musculoskeletal Pleomorphic Liposarcoma with Pathologic Correlation
- And much more!

“ARRS speaks to almost everything that a practicing radiologist needs to know.”

—Erik Paulson, MD
