Quality Education You Can Trust

We provide our members with a comprehensive portfolio of practice-based education across all subspecialty areas of radiology and we deliver that content in a variety of formats so you can choose how and when you want to learn.

MISSION STATEMENT
The mission of ARRS is to improve health through a community committed to advancing knowledge and skills in radiology.

Exclusively Free for Members
When it comes to professional membership, you have choices. That’s why ARRS provides its members with a comprehensive portfolio of practice-based education across all subspecialty areas of radiology.

Membership Flexibility
ARRS provides flexibility and options like no other radiology society.

- Choose a 1-year, 2-year, or 3-year membership.
- Access the Online-Only Membership OR receive the print journal along with your Online Membership.
- Make your own schedule—decide how and when you want to learn with a variety of resources and delivery formats.

Members have FREE access to 500+ CME/SA-CME credit opportunities annually in a variety of delivery formats. Strengthen your practice-based knowledge and make ARRS your medical imaging society.
For more than 100 years, AJR has been recognized as one of the most respected, peer-reviewed specialty journals in the world. "The information that’s provided in AJR gives you a spectrum across all of the specialties."
—Thomas Berquist, MD

AJR Online

AJR Online includes all of the content that is published in the print journal as well as letters, supplemental data, and videos. It also allows you to access expanded features not available in the print version, such as the Collections feature.

96 CME/SA-CME Credits Annually

In each issue, this prestigious publication offers 8 CME/SA-CME credits exclusively for members. Each article is peer-reviewed and reviewed further for educational credits.

InPractice

As our quarterly flagship publication, ARRS InPractice is your consummate resource for the latest radiology news and advice. Each issue focuses on subjects essential to the clinical and business aspects of your practice, including such timely topics as radiation safety practice, strategic business management, communication with patients, and more. In addition, each issue provides members with the latest news and information regarding ARRS programs and educational opportunities for professional development.

AJR InBrief

Exclusive to ARRS members, AJR InBrief is your monthly e-newsletter featuring an interview with an AJR author and links to can’t-miss articles in the current issue of AJR.
AJR Live Webinar Series
